
AMLAN BANAJI - TALKS

33. Generalised intermediate dimensions
[Fractal Geometry](#) (celebrating Prof. Kenneth Falconer's 70th birthday), ICMS, Edinburgh, UK, 4/7/23
32. Multifractal analysis on Bedford-McMullen carpets
[Multifractal analysis and self-similarity](#), CIRM, Luminy, Marseille, France, 30/6/23
31. Fourier decay of non-linear images of self-similar measures
[Diophantine Approximation, Dynamics, and Fractals](#), Exeter, UK, 22/6/23
30. Dimensions of continued fraction sets
[Thermodynamic Formalism: Non-additive Aspects and Related Topics](#), Będlewo, Poland, 16/5/23
29. Dimensions of infinitely generated self-conformal sets
[University of Bristol Ergodic Theory and Dynamical Systems Seminar](#), UK, 13/3/23
28. Recovering the interpolation between dimensions
[St Andrews Analysis Seminar](#), 1/11/22
27. Dimensions of infinitely generated self-conformal sets
[University of Edinburgh Analysis Seminar](#), UK, 13/3/23
26. Dimensions of self-affine sets
St Andrews University Mathematics Society, 9/3/23
25. Dimensions of self-affine carpets
[One World Fractals](#), 18/1/23
24. Orthogonal projections of fractals and the digital sundial. [Slides](#)
Postgraduate Interdisciplinary Mathematics Symposium (PIMS) St Andrews, The Burn House (Edzell, Scotland), 16/1/23
23. The popcorn function
St Andrews Pure Postgraduate Seminar, 8/12/22
22. Metric spaces where geodesics are never unique. [Slides \(edited\)](#)
St Andrews Mathematics Research Day, 1/12/22
21. Metric spaces where geodesics are never unique
[St Andrews Analysis Seminar](#), 1/11/22
20. Intermediate dimensions. [Slides](#)
Inaugural talk, [Senzhen Technology University Mathematics Colloquium](#), China (online), 22/10/22
19. Metric spaces where geodesics are never unique
St Andrews Pure Postgraduate Seminar, 5/10/22
18. Intermediate dimensions of Bedford–McMullen carpets. [Slides](#)
[Fractals and Related Fields IV](#), Porquerolles, France, 5/9/22
17. Dimensions of infinitely generated self-conformal sets. [Slides](#)
[Geometry of Deterministic and Random Fractals](#), Budapest University of Technology and Economics, Hungary, 30/6/22
16. Dimensions of infinitely generated self-conformal sets. [Slides](#)
[University of Warwick's Dynamics and Group Geometry Early Researchers \(DAGGER\) Seminar](#), 30/5/22
15. Intermediate dimensions of Bedford–McMullen carpets. [Slides](#)

Lightning talk, [Workshop on affine and overlapping iterated function systems](#), University of Bristol, 11/5/22

14. Assouad spectrum of infinitely generated self-conformal sets.

[St Andrews Analysis Seminar](#), 3/5/22

13. History of Bedford–McMullen carpets

Postgraduate Interdisciplinary Mathematics Symposium (PIMS) St Andrews, The Burn House (Edzell, Scotland), 13/4/22

12. Intermediate dimensions

[Junior Ergodic Theory Meeting](#), ICMS (Edinburgh), 30/3/22

11. Dimensions of Bedford–McMullen carpets. [Slides](#)

St Andrews Pure Postgraduate Seminar, 15/11/21

10. Intermediate dimensions of Bedford–McMullen carpets. [Slides](#) (edited), [Video](#)

[St Andrews Analysis Seminar](#) (online), 12/10/21

9. Dimensions of continued fraction sets. [Slides](#)

[Online Fractal Talks](#), 4/6/21

8. Dimensions of infinitely generated attractors. [Slides](#) (edited), [Video](#)

[St Andrews Analysis Seminar](#) (online), 20/4/21

7. Dimensions for infinite iterated function systems

St Andrews Pure Postgraduate Seminar (online), 5/4/21

6. Intermediate dimensions and infinite conformal iterated function systems. [Slides](#)

Junior Ergodic Theory Seminar (JETS) (online), 19/3/21

5. Intermediate dimensions and infinite conformal iterated function systems

[University of Warwick's Dynamics and Group Geometry Early Researchers \(DAGGER\) Seminar](#) (online), 1/3/21

4. Interpolating between the Hausdorff and box dimensions. [Slides](#)

Postgraduate Interdisciplinary Mathematics Symposium (PIMS) St Andrews (online) 26/1/21–27/1/21

3. New intermediate dimensions

[St Andrews Analysis Seminar](#) (online), 30/6/20

2. Weak tangents in dimension theory

Postgraduate Interdisciplinary Mathematics Symposium (PIMS) St Andrews, The Burn House (Edzell, Scotland), 28/1/20

1. Analysis on some post-critically finite self-similar sets

St Andrews Pure Postgraduate Seminar, 5/11/19
