
AMLAN BANAJI - TALKS

46. Coincidence and disparity of fractal dimensions for dynamically defined sets
[Dynamical Systems and Analysis seminar](#), Manchester, UK, 25/11/25
45. Invited minicourse, Fourier decay for nonlinear fractal measures
[Focused workshop on harmonic analysis methods in fractal geometry](#), Erdős Center, Budapest, Hungary, 4/11/24–8/11/24
44. Fourier decay for nonlinear pushforwards of self-similar measures
[Fractal Geometry and Stochastics 7](#), Chemnitz, Germany, 26/9/24
43. Tools for studying Fourier transforms of self-similar measures
Invited talk, [Afternoon workshop on Fourier analysis, fractals, and finite fields](#), St Andrews, UK, 18/9/24
42. Fourier decay for self-conformal measures
[Workshop on the Geometry of Deterministic and Random Fractals II](#), Rényi Institute, Budapest, Hungary, 2/9/24
41. Lower box dimension of infinitely generated self-conformal sets. [Slides \(edited\)](#)
[Geometry and fractals under the midnight Sun conference](#), Oulu, Finland, 27/6/24
40. When does the box dimension of a fractal exist?
British Mathematical Colloquium (BMC), Manchester, UK, 19/6/24
39. Overlapping iterated function systems
Keynote talk, [British Early Career Mathematicians' Colloquium](#), Birmingham, UK, 14/6/24
38. Which numbers are normal?
Outreach talk, [Pint of science](#), Loughborough, UK, 15/5/24
37. Fourier decay of fractal measures and their pushforwards
[University of Jyväskylä Geometric Analysis Seminar](#), Finland, 1/2/24
36. The Assouad spectrum of Gatzouras–Lalley carpets
[University of Oulu Analysis Seminar](#), Finland, 26/1/24
35. Fourier decay of fractal measures and their pushforwards
[University of Warwick Ergodic Theory and Dynamical Systems Seminar](#), UK, 7/11/23
34. The Assouad dimension and its variants in fractal geometry
[Loughborough University Dynamical Systems Seminar](#), UK, 4/10/23
33. Generalised intermediate dimensions
[Fractal Geometry](#) (celebrating Prof. Kenneth Falconer's 70th birthday), ICMS, Edinburgh, UK, 4/7/23
32. Multifractal analysis on Bedford-McMullen carpets
[Multifractal analysis and self-similarity](#), CIRM, Luminy, Marseille, France, 30/6/23
31. Fourier decay of non-linear images of self-similar measures. [Slides](#)
[Diophantine Approximation, Dynamics, and Fractals](#), Exeter, UK, 22/6/23
30. Dimensions of continued fraction sets
[Thermodynamic Formalism: Non-additive Aspects and Related Topics](#), Będlewo, Poland, 16/5/23
29. Dimensions of infinitely generated self-conformal sets
[University of Bristol Ergodic Theory and Dynamical Systems Seminar](#), UK, 13/3/23

28. Recovering the interpolation between dimensions
[St Andrews Analysis Seminar](#), 1/11/22
27. Dimensions of infinitely generated self-conformal sets
[University of Edinburgh Analysis Seminar](#), UK, 13/3/23
26. Dimensions of self-affine sets
St Andrews University Mathematics Society, 9/3/23
25. Dimensions of self-affine carpets. [Slides](#). [Video](#).
[One World Fractals](#), 18/1/23
24. Orthogonal projections of fractals and the digital sundial. [Slides](#)
Postgraduate Interdisciplinary Mathematics Symposium (PIMS) St Andrews, The Burn House (Edzell, Scotland), 16/1/23
23. The popcorn function
St Andrews Pure Postgraduate Seminar, 8/12/22
22. Metric spaces where geodesics are never unique. [Slides \(edited\)](#)
St Andrews Mathematics Research Day, 1/12/22
21. Metric spaces where geodesics are never unique
[St Andrews Analysis Seminar](#), 1/11/22
20. Intermediate dimensions. [Slides](#)
Inaugural talk, [Szenzhen Technology University Mathematics Colloquium](#), China (online), 22/10/22
19. Metric spaces where geodesics are never unique
St Andrews Pure Postgraduate Seminar, 5/10/22
18. Intermediate dimensions of Bedford–McMullen carpets. [Slides](#)
[Fractals and Related Fields IV](#), Porquerolles, France, 5/9/22
17. Dimensions of infinitely generated self-conformal sets. [Slides](#)
[Geometry of Deterministic and Random Fractals](#), Budapest University of Technology and Economics, Hungary, 30/6/22
16. Dimensions of infinitely generated self-conformal sets. [Slides](#)
[University of Warwick's Dynamics and Group Geometry Early Researchers \(DAGGER\) Seminar](#), 30/5/22
15. Intermediate dimensions of Bedford–McMullen carpets. [Slides](#)
[Workshop on affine and overlapping iterated function systems](#), University of Bristol, 11/5/22
14. Assouad spectrum of infinitely generated self-conformal sets.
[St Andrews Analysis Seminar](#), 3/5/22
13. History of Bedford–McMullen carpets
Postgraduate Interdisciplinary Mathematics Symposium (PIMS) St Andrews, The Burn House (Edzell, Scotland), 13/4/22
12. Intermediate dimensions
[Junior Ergodic Theory Meeting](#), ICMS (Edinburgh), 30/3/22
11. Dimensions of Bedford–McMullen carpets. [Slides](#)
St Andrews Pure Postgraduate Seminar, 15/11/21
10. Intermediate dimensions of Bedford–McMullen carpets. [Slides](#) (edited), [Video](#)
[St Andrews Analysis Seminar](#) (online), 12/10/21

9. Dimensions of continued fraction sets. [Slides](#)
[Online Fractal Talks](#), 4/6/21

8. Dimensions of infinitely generated attractors. [Slides](#) (edited), [Video](#)
[St Andrews Analysis Seminar](#) (online), 20/4/21

7. Dimensions for infinite iterated function systems
St Andrews Pure Postgraduate Seminar (online), 5/4/21

6. Intermediate dimensions and infinite conformal iterated function systems. [Slides](#)
Junior Ergodic Theory Seminar (JETS) (online), 19/3/21

5. Intermediate dimensions and infinite conformal iterated function systems
[University of Warwick's Dynamics and Group Geometry Early Researchers \(DAGGER\) Seminar](#)
(online), 1/3/21

4. Interpolating between the Hausdorff and box dimensions. [Slides](#)
Postgraduate Interdisciplinary Mathematics Symposium (PIMS) St Andrews (online) 26/1/21–27/1/21

3. New intermediate dimensions
[St Andrews Analysis Seminar](#) (online), 30/6/20

2. Weak tangents in dimension theory
Postgraduate Interdisciplinary Mathematics Symposium (PIMS) St Andrews, The Burn House (Edzell, Scotland),
28/1/20

1. Analysis on some post-critically finite self-similar sets
St Andrews Pure Postgraduate Seminar, 5/11/19
