AMLAN BANAJI - CONFERENCES ATTENDED

12. Thermodynamic Formalism: Non-additive Aspects and Related Topics
Będlewo, Poland, 14/05/23 - 18/05/23

11. Ergodic Theory of Group Extensions
University of Warwick, UK, 27/3/23 - 30/3/23

10. Statistical and Computational Aspects of Dynamics
Centro De Giorgi, Pisa, Italy, 13/12/22–16/12/22

9. Fractals and Related Fields IV
Porquerolles, France, 3/9/22–9/9/22

8. Geometry of Deterministic and Random Fractals
Budapest University of Technology and Economics, Hungary, 27/6/22–1/7/22

7. Rényi 100 conference
Hungarian Academy of Sciences, Budapest, 20/6/22–23/6/22

6. Workshop on affine and overlapping iterated function systems
University of Bristol, 10/5/22–12/5/22

5. Probability, Analysis and Dynamics conference
University of Bristol (attended online), 6/4/22–8/4/22

4. Junior Ergodic Theory Meeting
ICMS (Edinburgh), 28/3/22–31/3/22

3. Dynamics and Geometry Online Summer School
Clay Mathematics Institute and Heilbronn Institute for Mathematical Research (online), 21/6/21–2/7/21

2. New Frontiers in Dimension Theory of Dynamical Systems
Mittag-Leffler Institute (online), 7/6/21–11/6/21

1. Afternoon workshop on fractal geometry and geometric measure theory
University of St Andrews, 2/9/19
